SARA CUNNINGHAM

1 A No.

2 Q Do you know how long that relationship  
3 was?

4 A I believe we ended our purchasing from  
5 them in -- it was late 2004 or early 2005.

6 Q Late 2004 or early 2005?

7 A Correct.

8 Q Okay. When was the beginning of the  
9 relationship with Madacy?

10 A I believe it was mid 2003.

11 Q So you've described maybe approximately a  
12 year-and-a-half time period for the Madacy group,  
13 from mid 2003 to either late 2004, early 2005. Is  
14 that a fair characterization?

15 A I believe so, yeah.

16 Q I'm not trying to pin you down to the  
17 months, just to get a time range.

18 During part of that time, 2003 to 2004, then  
19 both Madacy and Priddis were supplying karaoke  
20 product to Trans World; correct?

21 A Correct.

22 Q As a percentage of purchase orders of  
23 product, would you compare the Madacy orders to the

SARA CUNNINGHAM

1 Priddis orders?

2 MR. TIETJEN: Object to the form. You  
3 can answer.

4 A I would say it would be a small  
5 percentage. While we carried hundreds of Priddis  
6 titles, we only carried, I would say, less than 20  
7 Madacy titles, perhaps even less than ten titles  
8 from that vendor.

9 Q Okay. Now, were these titles that were  
10 unavailable from Priddis?

11 A Correct. They were actually multipacks,  
12 which meant each pack included two to three discs,  
13 whereas everything we had purchased from Priddis  
14 were all single discs.

15 Q Okay. All right. Moving on from Madacy,  
16 I think that leaves two other possible karaoke  
17 vendors from the total of five. Do you recall the  
18 names of one or both of those?

19 A One would be Stellar Records.

20 Q And Stellar Records is from what part of  
21 the country?

22 A I'm not sure.

23 Q Okay. And do you know the approximate

SARA CUNNINGHAM

1 time frame of the relationship between Stellar and  
2 Trans World?

3 A I'm not sure of that. We did not do very  
4 much business with this vendor, so I don't recall  
5 when it was.

6 Q When you say "not very much business,"  
7 would that be less than a year, more than a year  
8 but less than two years?

9 MR. TIETJEN: Object to the form.

10 A I cannot be sure. I believe it would be  
11 less than two years.

12 Q Okay.

13 A But it could be less than a year even.

14 Q And was the volume of business that was  
15 done with Stellar, to your knowledge, approximately  
16 the same as with Madacy?

17 A I would say even less than with Madacy.

18 Q Okay. And then the last of the five?

19 A We did do business with Sound Choice.

20 Q And what time frame was that?

21 A Again I cannot be sure. I would say  
22 2004, but I can't be certain.

23 Q And how long was that business with Sound

SARA CUNNINGHAM

1 Choice?

2 A Again it was a short period of time. I  
3 would say approximately a year, but that would be,  
4 you know, an estimate.

5 Q Beginning sometime in 2004 and ending  
6 sometime last year?

7 MR. TIETJEN: Object to the form.

8 A I'm not sure certain of the dates.

9 Q Okay. What type of product would have  
10 been purchased by Trans World from Sound Choice?

11 A Karaoke product.

12 Q General titles, for example, something  
13 other than multipack?

14 A Correct. They were single-disc karaoke  
15 titles.

16 Q During the approximate one-year time  
17 period, would you describe the volume that was  
18 ordered by Trans World from Sound Choice to have  
19 been larger than from either Madacy or Stellar?

20 MR. TIETJEN: Object to the form.

21 A I believe it was even less than all of  
22 the mentioned.

23 Q Can you tell me what titles were being

SARA CUNNINGHAM

1 ordered at that time?

2 A I don't have that information, no.

3 Q For the products, karaoke products,  
4 including the multipacks purchased from Madacy and  
5 from Stellar Records, can you tell me how those  
6 were, if you know, how those were displayed at the  
7 various Trans World stores?

8 MR. TIETJEN: Objection to the form.

9 A The Party Time or Cybersound product was  
10 displayed on the slot wall within bins on the slot  
11 wall, small bins. During the time period that we  
12 carried that product, we had a karaoke section set  
13 up in our store on the wall that included the  
14 machines, and the Cybersound product was set up to  
15 be as part of that section in the store.

16 Q Would that have been the same location  
17 for the Madacy CDs or the Stellar CDs?

18 A The Madacy, I believe that to be the  
19 case, where we still had that section set up. Once  
20 that section -- the section's no longer in our  
21 stores. At the point where we decided to pull that  
22 section out of our stores -- because karaoke wasn't  
23 as popular. We had that in there when it was very

## SARA CUNNINGHAM

1 popular. So once it lost its popularity, we had  
2 pulled the product out of that featured section on  
3 the wall and put the karaoke music in our regular  
4 CD bins. So that's where any of the music would be  
5 now.

6 Q Now, when you say that karaoke "lost its  
7 popularity," is there kind of an approximate time  
8 frame? And I'm speaking very loosely here. Spring  
9 of 2003? Fall of 2005? I'm not asking a date or  
10 even a month, just maybe a particular time when --

11 MR. TIETJEN: Object to the form.

12 A I believe it would have to be at some  
13 point in 2003. Really for Trans World we saw the  
14 height of its popularity in 2002, really the  
15 holiday season of 2002, to be more specific. After  
16 that we really saw it trend down for us. And as  
17 time passed, it really lost its popularity more and  
18 more.

19 Q So it was less popular in 2003 than 2002?  
20 Is that --

21 A Correct.

22 Q And that trend continued into 2004?

23 A Correct.

## SARA CUNNINGHAM

1 Q Do you recall approximately when the  
2 shift of the special karaoke section that you  
3 described earlier in many of your stores, when that  
4 was disassembled and those specialized karaoke CDs  
5 were put into the regular karaoke bins?

6 MR. TIETJEN: Object to the form.

7 A I don't recall the specific time period  
8 that it was removed. I would approximate it to be  
9 sometime in 2003 or 2004. I don't have a specific  
10 time.

11 Q Were you involved in the decision to make  
12 that change?

13 A No. That would have come from, you know,  
14 an executive level on how the space should be used.

15 Q So you were not consulted in any way with  
16 respect to that decision?

17 A No, no.

18 Q Do you know if Russ Kellar was consulted  
19 in connection with that decision?

20 A I don't have that knowledge. But if I  
21 had to, you know, give my opinion, it wouldn't have  
22 been at his level to decide what would have been  
23 done with that space.

SARA CUNNINGHAM

1 A No. An RAR is a Trans World identifier  
2 that stands for a return authorization request.

3 Q Okay. So you were saying that these  
4 details included obtaining an RAR number from  
5 Priddis and what other details?

6 MR. TIETJEN: Object to the form. I  
7 think it was an RA number from Priddis.

8 Q An RA number.

9 A Correct. And what was your question?

10 Q My question is what were some of the  
11 other details that followed from getting the RA  
12 number?

13 A I would be given the list of items that  
14 were determined to be returned, and I would --

15 Q Now, I'm going to interject. From whom  
16 did you receive the list of items?

17 A It would either be from Priddis or from  
18 Russ.

19 Q In each month did you get a list of items  
20 from each of them when there were returns, or could  
21 the list come from one or the other?

22 A I did not receive a list each month from  
23 them. I wouldn't say that the returns were done

SARA CUNNINGHAM

1 monthly. It was as needed, I would say. So it  
2 would be whatever time period that returns needed  
3 to be done. But the list would be, again, agreed  
4 to by both parties, so we were all working off of  
5 the same list.

6 Q And how did you receive this list? In  
7 other words was it telefaxed to you? Was it sent  
8 to you by e-mail?

9 MR. TIETJEN: Object to the form.

10 A In the one instance that I do remember  
11 that I was present at the meeting where this was  
12 discussed, we sat down and we had a report in front  
13 of us, a sales report. We went through the sales  
14 report, so it was a hard copy of a sales report  
15 printout. And after reviewing that report, we  
16 identified items on that report based on the sales  
17 volume of those items, and it was all agreed to at  
18 the meeting. And then at the same time in that  
19 meeting we talked about new titles being presented  
20 to replace these items that were being discontinued  
21 and returned.

22 So in that case I don't know that the list  
23 would have come from Priddis or from Russ. I most

## SARA CUNNINGHAM

1 likely would have taken that information, and  
2 that's how I would have come about, you know,  
3 having that information, by taking it from that  
4 sales report.

5 Q Okay. And then in other instances when  
6 returns were going to be arranged which did not  
7 happen as the result of a face-to-face meeting such  
8 as the one you've described, how did it come to  
9 pass that you learned which titles were going to be  
10 returned?

11 A I'm uncertain. They could have been  
12 e-mailed to me. It could have been another  
13 printout that was given to me. It could have been  
14 a telephone conversation where I would have talked  
15 to Priddis and they said, you know, "We decided to  
16 turn off these titles." I can't be certain since  
17 it was so long ago.

18 Q But in order to do the returns, you  
19 needed an RA number; correct?

20 MR. TIETJEN: Object to the form.

21 A No.

22 THE WITNESS: I'm sorry.

23 A No. That wasn't the agreement, that we

## SARA CUNNINGHAM

1 needed an RA number. The RA number is really used  
2 by most of our vendors to help them with their  
3 accounting, to match up what RA number they would  
4 like to use to, like, coordinate with a specific  
5 return so they know what's going on. But with  
6 Priddis we had a hundred percent returns, so really  
7 the RA number wasn't required.

8 Q So you're saying that returns could be  
9 made without an RA number?

10 A Correct, based on the hundred percent  
11 return.

12 Q And the reasons again that a particular  
13 title or titles would be returned, what would some  
14 of those reasons be?

15 MR. TIETJEN: Object to the form.

16 MR. GELLHAUS: Let me reword the  
17 question.

18 Q When Trans World, as opposed to Priddis,  
19 when you received a list from Trans World, someone  
20 else in your company, for returns, listing what  
21 would be returned, what were some of the reasons,  
22 if you knew them, that typically required even the  
23 need to make a return?

SARA CUNNINGHAM

1 MR. TIETJEN: Object to the form.

2 A One of the main reasons for returns was  
3 based on sales. If an item was not selling in our  
4 stores, it would not help either company to have it  
5 in our stores, Priddis or Trans World, so it would  
6 be decided to return it back to Priddis and, you  
7 know, bring in another title that would sell much  
8 better.

9 Q Would you say of all the reasons for  
10 returns, that that was the most significant reason?

11 MR. TIETJEN: Object to the form.

12 MR. GELLHAUS: Let me strike the  
13 question.

14 Q Would you say of all the reasons for  
15 Trans World to request titles to be returned, that  
16 that reason that you gave was the one that applied  
17 to the majority of returns?

18 MR. TIETJEN: Object to the form.

19 A I would say it is one of the top reasons  
20 that titles would be decided to be returned.  
21 Another large reason would be Christmas titles,  
22 which could be, you know, high-volume returns. But  
23 the decision there is Christmas product does not

## SARA CUNNINGHAM

1 sell year-round, so there's a specific time frame  
2 for those returns, and at the end of the holiday  
3 season those are returned to Priddis.

4 Q But generally after the holiday season,  
5 Christmas and holiday titles are not going to  
6 really sell until the following holiday season? Is  
7 that a fair --

8 A Correct.

9 Q -- description of that reason?

10 A I would agree with that.

11 Q So then the return of titles because they  
12 didn't really sell was -- excluding holiday  
13 titles -- was perhaps the primary reason for a  
14 return being made of a title?

15 MR. TIETJEN: Object to the form.

16 A There could have been other, you know,  
17 many other reasons why product would be returned to  
18 Priddis.

19 Q What would some of those be, those other  
20 reasons?

21 A One of the reasons may be if the store  
22 closed and they needed to do a return on product  
23 that was in the store. We return a lot of that

## SARA CUNNINGHAM

1 product to the vendors. So that could be one  
2 possibility that they would be receiving returns.

3 Q During your tenure at Trans World from  
4 May of 2001 until present, can you tell me, to your  
5 knowledge, how many Trans World stores have closed?

6 MR. TIETJEN: Object to the form.

7 A I cannot. Trans World opens and closes  
8 stores on an ongoing basis, based on many different  
9 reasons, so I do not have knowledge of that.

10 Q Would you categorize that particular  
11 reason for returns as being a less significant  
12 reason than the return of titles because the titles  
13 weren't selling?

14 MR. TIETJEN: Object to the form. I mean  
15 she testified she doesn't know how many stores  
16 open and close, so I'm not sure --

17 MR. GELLHAUS: Right, but I'm asking  
18 something different. I understand she doesn't  
19 know that. But what she does know, or I'm  
20 trying to determine if she knows, is she knows  
21 what the returns were due to stores being  
22 closed, separate and apart from knowing how  
23 many stores. She knows what returns were made

## SARA CUNNINGHAM

1 perhaps and can compare that to how many  
2 returns were made due to a title not selling.  
3 That's what I'm asking, is to make that  
4 comparison.

5 MR. TIETJEN: If you know.

6 A Since I don't know how many stores it  
7 entails, I couldn't guess on how many Priddis  
8 titles would have been returned due to closing  
9 stores.

10 Q So is your testimony that when you would  
11 receive lists of titles to be returned from Trans  
12 World, that there was no indication of whether the  
13 reason for the title being returned was a store  
14 closure?

15 MR. TIETJEN: Object to the form.

16 A With store closures, they were handled  
17 separately from the way that, you know, a  
18 discontinued title list would be handled. Really,  
19 the list of discontinued titles would come about  
20 based on sales or --

21 Q So you're saying that the lists were  
22 separate; is that correct?

23 A Correct. We would not go through the

## SARA CUNNINGHAM

1 same process as we would for a closing store, the  
2 same way we would with a discontinued title.

3 Q Okay. But for the return of karaoke  
4 product where you received lists concerning the  
5 returns, when there was a return based on a store  
6 closing, you would receive a separate list; is that  
7 correct?

8 A No.

9 MR. TIETJEN: Object to the form.

10 THE WITNESS: Sorry.

11 A No. They were handled differently. As  
12 to where really -- I was not aware, myself, of what  
13 was going back to Priddis based on store closings.

14 Q Okay. But you knew that the store  
15 closing returns were handled differently.

16 A Correct.

17 Q Do you know in what way they were handled  
18 differently?

19 A To my knowledge, they would be done at  
20 store level, where they would either box up the  
21 product and send it directly back to Priddis, or  
22 they would send it back to our warehouse, where it  
23 would then be sent back to Priddis. It would not

## SARA CUNNINGHAM

1 be handled on a list that I would use, have access  
2 to.

3 Q So you would not be given a list of  
4 titles that were being returned due to a store  
5 closing?

6 A No.

7 Q So the list for titles that you were  
8 given might have had multiple reasons, but one of  
9 the reasons would not have been a store closing.  
10 Is that fair to say?

11 A Correct. The list was not generated from  
12 a store closing, but the list could have been  
13 generated for multiple reasons.

14 Q Okay. Now, if a title was being returned  
15 due to a lack of sales, is it fair to say that  
16 Trans World had sales reports that would indicate  
17 to the buyers that a particular title with its  
18 particular skew was not selling real well?

19 MR. TIETJEN: Object to the form.

20 A We have sales reports at Trans World that  
21 are generated to show what a particular skew or  
22 title sells in the stores.

23 Q And who would make the decision as to

## SARA CUNNINGHAM

1 whether or not a particular title was selling  
2 sufficiently poorly that it should be returned?

3 A I believe that was done collectively with  
4 Priddis and Trans World.

5 Q Who at Trans World's end would make that  
6 decision?

7 A The buyer.

8 Q And with respect to karaoke product, have  
9 you ever for any particular karaoke title had the  
10 power or authority to order a particular title  
11 returned?

12 A I didn't understand the question.

13 Q Have you ever as part of your duties been  
14 able to direct any karaoke vendor, not just Priddis  
15 but any of them, to return a particular title?

16 A As part of my duties?

17 Q As an assistant buyer.

18 A At the time that I was an assistant  
19 buyer, I would again provide the reports to the  
20 buyer, who would analyze the reports, review them  
21 with Priddis, identify the problem sellers, and  
22 decide which titles to return. I did not have, I  
23 guess, the decision-making ability to do that.

SARA CUNNINGHAM

1 That would be the buyer's responsibility.

2 Q Have you ever had that decision-making  
3 ability with respect to any karaoke product, not  
4 just Priddis product?

5 MR. TIETJEN: Do you understand the  
6 question?

7 THE WITNESS: I understand the question.  
8 I'm just trying to recall.

9 A I'm not certain that I've ever made that  
10 decision on the karaoke category, because I believe  
11 at every point in time where there has been a  
12 return there was a buyer in place, but I can't be  
13 certain, and the buyer would have made that  
14 decision. At this point I'm the associate buyer,  
15 and I'm in charge of making those decisions.  
16 However, we're not buying karaoke at this point, so  
17 I wouldn't be deciding that for the karaoke  
18 category.

19 Q Okay. And I think you earlier testified  
20 that after, I believe, Mr. Kellar left, his  
21 position was unfilled for a while; correct?

22 A Correct.

23 Q Was there any time after he left when

KATHLEEN FESTA

1 A No.

2 Q Did you have any background in  
3 reconciling of accounts?

4 A Yes.

5 Q And what was that background from?

6 A I had to reconcile accounts at Stewart's  
7 in the cost-of-goods area.

8 Q In 1997, when you first began as the  
9 vendor relations supervisor, how many different  
10 vendor relationships were you supervising?

11 A I can't recall the number. I know what  
12 it is today. But I have to believe it was at least  
13 200.

14 Q And these would be nationwide vendors?

15 A Yes.

16 Q Would these be vendors of all different  
17 types of sizes?

18 A Yes.

19 Q And when I say "sizes," I mean in terms  
20 of dollar volume.

21 A Yes.

22 Q And over the course of the six years that  
23 you were in this position, did that number of

KATHLEEN FESTA

1 vendors change at all?

2 A Yes.

3 Q Okay. And how did it change?

4 A We increased our vendors as we took on,  
5 you know, as we grew.

6 Q So that, say, in 2003, when you were  
7 promoted, how many vendors approximately were you  
8 supervising?

9 A I'd say about 400 or so.

10 Q Of the 400, how many of these vendors  
11 were what would be considered karaoke vendors?

12 A One that I know of.

13 Q And what is the name of that vendor?

14 A Well, it was Sound Choice. I guess it  
15 would be two, then, because Priddis.

16 Q Was there a time when -- and I'm talking  
17 '97 to 2003 -- when Trans World had more than one  
18 karaoke vendor at the same time?

19 A I'm not real sure about that. I know we  
20 had Sound Choice, and then that business ended and  
21 then we went with Priddis.

22 Q Okay. And during your several years as  
23 vendor relations manager, would you describe for me

## KATHLEEN FESTA

1 how your duties changed from the duties when you  
2 were the supervisor?

3 A Well, you know, my staff had grown to,  
4 you know, seven instead of the five. We've taken  
5 on more duties, such as cash flow projections for  
6 payments. I've also taken on the accounts payable  
7 advertising department. Different, you know,  
8 reporting, month-end reporting.

9 Q And the number of vendors during 2003 to  
10 2006, was that still around 400?

11 A No, approximately -- closer to 600.

12 Q And of these vendors, how many karaoke  
13 vendors?

14 A I know Priddis, and then I'm not sure  
15 after the business ended with Priddis how many  
16 karaoke vendors.

17 Q Were there karaoke vendors after Priddis  
18 then?

19 A I'm not sure.

20 Q If there were, would you be responsible  
21 for that vendor relationship?

22 A I would.

23 Q Then is it possible that there was a --

KATHLEEN FESTA

1 strike the question.

2 How is it possible, then, that there might be  
3 a relationship with a karaoke vendor that you would  
4 not be aware of after Priddis?

5 A It could have been a vendor that had  
6 karaoke plus other products, and I may not have  
7 known it was karaoke as well. You know, maybe I  
8 knew the music side of it but not the karaoke side.

9 Q So do you know if there is presently a  
10 vendor providing karaoke product to Trans World?

11 A Yes.

12 Q And who is that vendor?

13 A Madacy, M-A-D-A-C-Y.

14 Q And do they provide exclusively?

15 A I'm not sure.

16 Q You're just aware through your duties as  
17 vendor relations manager that some of what you see  
18 in the course of cash flow projections and so forth  
19 indicates that part of Madacy's product is karaoke  
20 product. Is that a fair statement?

21 A Yes. I've known them to sell us karaoke  
22 product.

23 Q And from time to time do you see their

## KATHLEEN FESTA

1 invoices for karaoke product?

2 A I don't, no.

3 Q From time to time are you or a member of  
4 your staff responsible for payments that go to  
5 Madacy in relation to karaoke product that they  
6 supply?

7 A We produce the product payment schedules.  
8 We don't see the invoices.

9 Q Okay. Can you tell me what a product  
10 payment schedule is?

11 A It's our duty to actually pull out what's  
12 open for payable and produce a schedule as to how  
13 much we're going to pay each month for that  
14 particular vendor.

15 Q So would there be a reason why the entire  
16 amount of the payable was not paid?

17 A For a particular vendor or for --

18 Q For a particular vendor.

19 A There could be several reasons.

20 Q And what might those be?

21 A Whether -- you know, it depends --  
22 really, it depends on the particular -- it's so  
23 individual. It depends on the particular vendor.

## KATHLEEN FESTA

1 There could be returns going back or any authorized  
2 deductions.

3 Q So then in doing the payment scheduling,  
4 is it fair to -- well, strike the question.

5 Summarize for me, then, how for a vendor you  
6 would do the payment scheduling, what reports you  
7 look at.

8 A We look at the open payable report, of  
9 course, and then we look at return authorization  
10 requests that are -- that there's a report for  
11 that. We look at outstanding advertising. That's  
12 about it.

13 Q And by "outstanding advertising," what  
14 does that mean?

15 A Advertising that we're still waiting for  
16 authorization for. So we look at anything that has  
17 been approved by the vendor.

18 Q Okay.

19 A We produce reports on all of those, which  
20 affect payment.

21 Q And the reports that you produce, they're  
22 then transmitted to another part of the company?

23 A What do you mean by --

## KATHLEEN FESTA

1 the back end, we find any shortages or non-receipt,  
2 that type of thing.

3 Q Okay. But the Priddis invoices are not  
4 always paid in full; correct?

5 A They're always paid in full.

6 Q I'm sorry. I thought earlier this  
7 morning you testified that the Priddis invoices  
8 were reduced by the amount of anticipated returns.

9 A No. Nothing's ever --

10 MR. TIETJEN: Object to the form.

11 THE WITNESS: I'm sorry.

12 A Nothing's ever reduced. We do take an  
13 anticipated return deduction, which on the Priddis  
14 side should be flipped over as a debit memo on  
15 their statement to be paid back, but the invoice is  
16 always paid in full.

17 Q Then further down on this page there are  
18 CMMs and CMU items. Are those similar to the ones  
19 you testified about earlier this afternoon?

20 MR. TIETJEN: Object to the form.

21 A Those are credits from Priddis to be  
22 deducted by Trans World.

23 Q For example there's two credit memos,

KATHLEEN FESTA

1 9897 and 9900, which total about \$32,000. Do you  
2 see where I'm referring to? It's about  
3 three-quarters of the way down the page.

4 MR. TIETJEN: What were those numbers  
5 again?

6 A Oh, 149897?

7 Q Yes, and 9900. Those are credit memos  
8 from Priddis; is that correct?

9 A Yes. If you look at the description on  
10 this particular page, it references a Trans World  
11 charge-back number. Those are credit memos for  
12 returns. Because if you look down further, there's  
13 CBRs. That's what I said earlier, how we reverse  
14 the actual charge-back and then take the credit.

15 Q Okay. But those numbers don't match.

16 A Which numbers?

17 Q Well, there's a negative 25,789 that's  
18 associated with CMM 149897. And then down below  
19 there's a CBR 513388, which seems to reference the  
20 149897, but it's in a slightly different number.

21 A There is never an equal match to credits  
22 and debits. There could be several different  
23 reasons why. You know, the returns go back and

## KATHLEEN FESTA

1 in 2004 for the items listed that Priddis refused.

2 Q Is it possible that there are other items  
3 that, to use your words, Priddis refused that  
4 remain unreturned that go back to 2003?

5 MR. TIETJEN: Object to the form.

6 A I don't know. I'm not -- I wouldn't know  
7 that.

8 Q Do you understand my question?

9 A Maybe not.

10 Q The date range on this chart runs, under  
11 the date column, from February through June of '04.  
12 So I'm asking if there's a similar report showing  
13 other unreturned product for earlier years.

14 A No. This is just a report that someone  
15 put together to say this is the product that is  
16 sitting with our trucking company that Priddis did  
17 not accept.

18 Q Okay. And there's no other product that  
19 you know of other than what's listed here?

20 A I don't know that. This is one instance.

21 Q Okay.

22 MR. GELLHAUS: Would you mark that,  
23 please?

## KATHLEEN FESTA

1 (Plaintiff's Exhibit 13 was marked for  
2 identification.)

3 BY MR. GELLHAUS:

4 Q Have you seen this document before today,  
5 Plaintiff's Exhibit 13?

6 A Yes.

7 Q And is it fair to say this document is a  
8 printout of an e-mail sent to Mark Berrada for  
9 which you were cc'ed?

10 A Yes.

11 Q And it contains prior e-mails  
12 essentially, and to summarize, concerning the issue  
13 of product being returned and the unwillingness of  
14 Priddis to accept it. Is that a fair summary?

15 A Yes.

16 Q The date at the top of the first page  
17 indicates July of 2004. Do you recall receiving  
18 this e-mail or the carbon copy?

19 A Yes. I received this from Mark Berrada.

20 Q Right. But do you recall receiving it or  
21 just do you recall the issue that is described in  
22 this --

23 A Yes.

## KATHLEEN FESTA

1 Q -- as it took place in 2004?

2 Do you recall whether you did anything in  
3 reaction to this e-mail?

4 MR. TIETJEN: Object to the form.

5 A I was actually not on the e-mail trail  
6 here except to get a copy from Mark when I produced  
7 documents.

8 Q I'm sorry. Can you explain your answer  
9 again? You were not on the e-mail trail except  
10 when?

11 A When I asked Mark Berrada if he had  
12 documents pertaining to one of the answers that  
13 I -- regarding the refusal of returns.

14 Q Okay. In other words to prepare and send  
15 to us?

16 MR. TIETJEN: Object to the form.

17 A Yeah, yes.

18 Q Because it appears that you were cc'ed  
19 with this in July of '04 before the document  
20 request. Maybe we're just not communicating here.

21 A Oh, yeah. Maybe. Yep, I think you're  
22 right. I'm sorry. I'm not really sure that I took  
23 any action, but Mark Berrada did send me this

## KATHLEEN FESTA

1 double billing at times. There were a lot of  
2 invoicing issues, which made the reconciliations  
3 virtually impossible.

4 Q On the last page there's an e-mail -- I'm  
5 sorry, the second-last page, there's an e-mail from  
6 you -- this is on page TWEC 143. There's an e-mail  
7 from you where there's -- it is sent to Russell  
8 Kellar, Sue Tiemann, and cc'ed to Lainee at  
9 Priddis. Do you see where I'm referring?

10 A Yes.

11 Q Can you tell me about that e-mail?

12 MR. TIETJEN: Object to the form.

13 A That --

14 Q Can you take a moment to look at that  
15 e-mail and tell me what circumstances led you to  
16 send it?

17 A I sent it to respond to the e-mail that  
18 Lainee sent to Russ after we were so frustrated  
19 reconciling often. One of the statements she made  
20 was that "It can get frustrating to continuously  
21 reconcile while no one is willing to work on the  
22 other end." So that was in response to that. We  
23 were working on the account. That's what prompted

## KATHLEEN FESTA

1 me to send that e-mail to let her know to deal  
2 directly with us on the vendor relations side.

3 Q Okay. And was this the first that you  
4 had directed Priddis to deal directly with the  
5 vendor relations group, not with Russ, on  
6 reconciliation issues?

7 A I'm not sure. I think so. I think so.

8 Q Can you recall if there was a past e-mail  
9 or conversation where you might have advised either  
10 Laine or Rick Priddis to direct reconciliation  
11 statements to someone in your group?

12 A I don't believe so.

13 Q But is it fair to say that  
14 reconciliations were taking place much sooner than  
15 the date of this e-mail, August 2003?

16 A We reconciled on February of 2003, so  
17 yes.

18 Q Were there no other reconciliations done  
19 before February 2003?

20 A I can't be sure about that. I'd have to  
21 go back and look.

22 Q Did you have any conversations with  
23 Mr. Kellar concerning the need for him to direct

## KATHLEEN FESTA

1 any reconciliation requests to either you or Sue  
2 Tiemann?

3 A To direct Russ to direct the requests?

4 Q Yeah, conversations with Mr. Kellar  
5 telling him more or less what you told Lainee in  
6 this e-mail, telling him to direct any  
7 reconciliation requests to you or your group.

8 A You know, I don't know for sure. There  
9 could have been. If Lainee was contacting Russ,  
10 I'm sure I would have told him to have her contact  
11 us regarding reconciliations.

12 MR. GELLHAUS: Okay. Let's go off the  
13 record.

14 (Discussion off the record. A 15-minute  
15 recess was taken, after which Plaintiff's Exhibit  
16 was marked for identification. At 3:59 p.m. the  
17 proceedings continued.)

18 BY MR. GELLHAUS:

19 Q Ms. Festa, I've handed you a document  
20 marked for identification as Plaintiff's Exhibit  
21 16. Can you tell me if you've seen that document  
22 before today?

23 A Yes.

## KATHLEEN FESTA

1 Q Can you tell me what that document is?

2 A It's the summary for a reconciliation.

3 Q Okay. Can you tell me who might have  
4 prepared that document?

5 A I would say Alyssa Lotano at the time.

6 Q Okay. This is a document that you've  
7 seen before today?

8 A Yes.

9 Q Do you recall if she discussed the  
10 document with you?

11 A Yes. Everyone discusses the  
12 reconciliations with me when they're complete.

13 Q Okay. And this is a reconciliation  
14 apparently from August 9th, 2004; correct?

15 A Yes. It began that day, obviously.

16 Q Okay.

17 (Plaintiff's Exhibit 17 was marked for  
18 identification.)

19 BY MR. GELLHAUS:

20 Q Ms. Festa, if you'd also take an  
21 opportunity to look at Plaintiff's Exhibit 17 --

22 A Okay.

23 Q -- would it be fair to say that

## KATHLEEN FESTA

1 Plaintiff's Exhibit 17 is the backup detail to  
2 Plaintiff's Exhibit 16?

3 A Yes.

4 Q And for Plaintiff's Exhibit 16 there's a  
5 listing balance as of 8/9/04, or at least a line  
6 that says "Listing balance as of 8/9/04" that  
7 states the number 426,379.30. Do you see where I'm  
8 referring to?

9 A Yes.

10 Q Can you tell me what that number  
11 represents?

12 A That is the open payable balance as of  
13 8/9/2004.

14 Q The open payable balance to Priddis?

15 A Yeah, for Priddis.

16 Q For Priddis. And that's after the  
17 completion of a reconciliation process by Trans  
18 World?

19 A No. That's the balance as of 8/9/04, and  
20 then we reconciled to their statement. That's why  
21 I said the reconciliation started on that day.

22 Q Okay. Well, what was the conclusion of  
23 that reconciliation?

KATHLEEN FESTA

1 A Basically it shows why there's a  
2 difference of almost \$100,000, and that would  
3 include the charge-backs, the body of number 16,  
4 Exhibit 16. Those are our differences. It just  
5 lists them out for us so we could see, you know,  
6 what we have to work on.

7 Q Looking at Plaintiff's Exhibit 16, the  
8 top line, "Priddis statement balance," is that --  
9 and there's a number, 320,000. Is that the book  
10 balance on your records?

11 A No, that's on Priddis's records.

12 Q That's on Priddis's records.

13 Then the line item listing balance as of  
14 8/9/04, that's the reconciliation -- that's after  
15 application of the charge-backs, invoices, credits,  
16 the lines in between; correct?

17 A No. That's the Trans World open payable  
18 balance as of 8/9. Your statement-to-listing total  
19 is the completion of that. That's 429,379.30.

20 Q Okay. What is that number?

21 A That's just the difference. If you  
22 take -- it's merely a summary as to what our  
23 differences are between the statement balance and

KATHLEEN FESTA

1 the payable.

2 Q So what's the payable balance as of  
3 8/9/04?

4 A 426,379.30.

5 Q That's the payable balance to Priddis;  
6 right?

7 A That's the Trans World open payable.

8 Q Open payable, okay.

9 A Yes.

10 (Plaintiff's Exhibit 18 was marked for  
11 identification. -

12 BY MR. GELLHAUS:

13 Q Showing you a document marked for  
14 identification as Plaintiff's Exhibit 18, have you  
15 seen that document before today?

16 A Yes.

17 Q Can you tell me what the document is?

18 A That is the Priddis or the Trans World  
19 open payable balance for Priddis.

20 Q Okay. And how does that document tie in  
21 or relate to Plaintiff's Exhibits 16 and 17?

22 A This open payable is the listing balance  
23 on Exhibit 16. This is what the open payable --

KATHLEEN FESTA

1 the detail behind it, invoices, charge-backs.

2 Q Okay. And how is this detail different  
3 than the detail in Plaintiff's Exhibit 17?

4 A Seventeen lists out exactly what our  
5 differences are. For example, on the first page of  
6 17 there is a list of CBMs that are charge-backs  
7 that are not on the Priddis statement but they're  
8 in the open payable. So there's a \$43,000  
9 difference. And then it goes on to list out  
10 invoices that are on the statement but not on the  
11 Trans World payable. So whatever matches is not on  
12 Exhibit 17. Does that make sense?

13 Q It's almost an exception report.

14 A Yeah, you could look at it that way.

15 Q It's non-matching instances between the  
16 two statements, your payables listing and their  
17 statement.

18 A Yes.

19 Q Okay. Do you know who Scott Lagas is?

20 A Yes. He was the EDI administrator for  
21 Trans World at one time.

22 Q And is he with Trans World at this time?

23 A No, he's not.

KATHLEEN FESTA

1 Q Do you know when he left Trans World's  
2 employment?

3 A I would say 2004, possibly 2005. I'm not  
4 real sure. Between 2004 and 5.

5 (Plaintiff's Exhibit 19 was marked for  
6 identification.)

7 BY MR. GELLHAUS:

8 Q Ms. Festa, I'm showing you a document  
9 marked for identification as Plaintiff's Exhibit

11 A Yes.

12 Q Is this a document that was printed out  
13 by Alyssa Lotano from her e-mail records and given  
14 to you as part of the disclosure in this case?

15 MR. TIETJEN: Object to the form.

16 A Yes.

17 Q Now, you were not cc'ed on this e-mail;  
18 correct?

19 A Correct.

20 Q But would you take a moment to look at  
21 the content of the e-mail and let me know if you  
22 are aware of the issues that were discussed in the  
23 e-mail between the participants to the e-mail?

1 ways, because there's a hundred percent return  
2 policy. It doesn't say that there would be -- I  
3 know that when the buyers are talking, they review  
4 inventory. I don't know specifically what was --

5 Q Well, I understand what the document  
6 says. I'm just looking to make sure that there's  
7 no other provision there that I'm missing that  
8 describes that in one month there would be a debit  
9 for anticipated returns that's reversed the  
10 following month. I don't think that the section  
11 you're referring to says anything about from month  
12 to month what will happen. It says what you just  
13 said it does.

14 A Right.

15 Q Okay.

16 MR. GELLHAUS: May I have that marked?
